- Innovative technologies, developed in-house, for a broad range of applications

Example Clients

- Defense Advanced Research Projects Agency (DARPA)
- U.S. Army Research Institute (ARI)
- U.S. Army Research Laboratory (ARL)
- U.S. Air Force Research Laboratory (AFRL)
- The Naval Postgraduate School (NPS)
- U.S. Department of Veterans Affairs
Veterans Health Administration (VHA)

Example Technical Work Practices

Requirements Analysis

- Cognitive Task Analysis
- Use Case Development
- Training Requirements Analysis

Implementation

- Rapid Prototyping
- Multimodal/Multimedia Solutions
- Mobile Solutions

Design

- Mockups & Storyboarding
- Systems Architecture Design
- Innovative Algorithm Development

Evaluation & Testing

- Usability Analysis & Testing
- Risk Analysis
- Lab & Field Testing

NAICS Codes

541511 Custom Computer Programming
541512 Computer Systems Design
541690 Other Scientific & Technical Consulting

541715 Research and Development in the Physical,
Engineering, and Life Sciences
541720 Research and Development in the Social
Sciences and Humanities
